

REINVENT HOW THE WORLD CLEANS

S960

Battery ride-on sweeper

An Efficient Medium-Sized Sweeper

The S960 is a highly-productive sweeper that was designed to provide a next-level clean. With its comfortable and convenient operation, the S960 is ideal for cleaning a variety of indoor and outdoor environments.

Consistent performance

Efficiently clean with the wide sweeping path that utilises dual side brushes to provide large pass cleaning.

Reduce cost to clean

Large canister filter with PTFE coating extends the filter life and provides quality endurance.

Robust and durable design

Improve operator safety with the sturdy metal frame and anti-collision beam with floating side brush design.

Inside the S960

- 1. High-forward seat position** offers clear sightlines for excellent operator visibility and comfort around the machine.
- 2. Powerful rear drive system** and a double-sided drive chain design, effectively meets large-angle slopes, boosting running power for challenging applications.
- 3. Double brake system EBP** enhance the equipment's braking force.
- 4. Steel protective roof** increases the comfort and safety of the operator. (optional)
- 5. Heavy-duty main roller brush with mixed brush wire.**
- 6. Efficient dust control system** provides effective sweeping performance in a variety of applications.
- 7. Effective dust suppression system** mists water to keep fine dust from becoming airborne.

S960 specifications

FEATURE	SPECIFICATION
Sweep path	700 mm
Sweep path (With side brushes)	1,380 mm
Productivity (per hour) theoretical max	9,000 m ²
Minimum aisle turn	1,150 mm
Debris hopper capacity	135 L
Debris hopper dump height	Low dump
Filter type	Canister
Dust suppression water tank capacity	45 L
Max speed	6.0 km/h
Battery run time (up to hours)*	4 hours
Battery voltage	48 volt
Seat safety switch	Yes
Amber strobe light	Standard
Length x width x height	1820 x 1380 x 1350 mm
Weight (without batteries)	339.5 kg

Specifications subject to change without notice and will vary throughout the operation of the machine; averages are shown.
 * Run times are based on Continuous Sweeping Run Times.
